## Electronics Circuit Protection Product Selection Guide

A guide to selecting CREATEK circuit protection components for electronic applications.

# About CREATEK

CREATEK Microelectronics a leading manufacturer and supplier of electronic components, Its products: circuit protection, magnetic components, power semiconductors, Headquartered in China, R&D center in San Francisco, the sales center in North American, and sales office in Shenzhen, Shanghai, Suzhou, Taiwan, India, Korea.

CREATEK Microelectronics serves a broad range of markets, including automotive, industrial, consumer, communications, non-critical life support medical, audio and various other market segments.

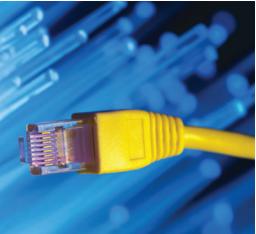

CREATEK Microelectronics team with rich experience on Power semiconductor's researching and producing in domestic and abroad, the founder have be experienced in achieving mass production and sales at first in Chinese IGBT chip. The company owns international advanced technical of design and process in Planar Transformer, IGBT, MOSFETs, FRD, TVS, TSS, SBD etc, and other power semiconductors, also built reliable laboratory which used for power semiconductor's testing and applications .

CREATEK Microelectronics adhering to the mission "Green design, green manufacturing" committed to be a world's leading R&D and manufacture in power electronics. Constantly innovation, further improved the technical level, expand capacity, broaden application range of products, contributed for global energy conservation, reduction of environmental pollution, establishment of green prosperity and a harmonious society.

# Markets and Applications

Createk Microelectronics works closely with the world's leading OEM design teams to provide innovative solutions ideal for today's application challenges.

## Communications

- Power over Ethernet (PoE)
- I/O interface
- Audio amp

- Data/User interface
- Micro controller protection

## Consumer

- Data/User interface
- DC-DC converter
- Audio processing

- Battery charging and control
- High voltage power supply
- Power management

## Industrial

- Power Factor Correction (PFC)
- Motor control
- Rectification
- Filter/Protection

- I/O interface
- DC-DC converter
- DC-AC inverter
- Battery and charging circuit
